Coastal CPR & First Aid Instructor Newsletter

May 18, 2021

April showers bring May flowers.

Welcome to the May Instructor Newsletter. Here's some information for everyone. Questions? Contact Gail at gail@coastalcpr.com or Rick at rdm1313@comcast.net.

New Training Center Software

I have set up new software to help organize the Training Center and to streamline submitting rosters and eCard payments.

To set up your account go to <https://dashboard.cprenroll.com/#/auth/login>. Use your email to log in, select Forgot Password to do a password reset.

To submit rosters and to purchase eCards it is now a more simplified and streamlined process:

- Log into CPR Enroll
- On the left select Paperwork
- Click green submit paperwork button
- Select course from the drop down and then enter dates/times
- Click in box underneath to upload roster or you can drag/drop roster in there.
- Click green submit roster button
- Next click on Group Products
- Click on Place Order.
- You can order and pay for your eCards here.

That's it! Fewer things to type and enter!

If you previously gave your students the link to pay for their own eCard that will no longer work. eCard purchases are set up through the instructor's CPR Enroll account. Your students will need to pay you and you'll need to purchase the eCards. This helps to link the roster to the eCard purchases.

For our Training Center I have set up a very simple CPR Enroll system. If you are interested in a more robust system for your own instructional business please let me know and I'll be happy to share how I'm using it for my classes. There are several free and low-cost options to this software.

Heartsaver 2020... you must have the new materials by 6/1/2021

Heartsaver 2020 was released at the end of February. You must begin using the new materials as of June 1, 2021.

Instructor courses!

We are holding BLS Instructor courses monthly and beginning in June will begin offering Heartsaver Instructor courses.

What is a good way for us to communicate regularly?

I am planning on monthly newsletters, but than email what is a good method for us to share information or support everyone? If you are on Facebook I have set up a private group for our instructors:

<https://www.facebook.com/groups/2857968007792626>.
